To offer the public easier access to campaign finance information, all local candidates and local committees will be required to file their campaign treasurer's reports online through the Volusia County Supervisor of Elections website, www.volusiaelections.gov.

The reporting system, which is provided to you at no cost, expedites filling out and filing of the required financial reports of contributions and expenditures.

Listed below will be your ID Number and password to access the reporting system. The Pin number is used to submit reports.
